

**Call for experts in the education, training and labour market sectors**

Transtec is a leading European development consulting firm dedicated to delivering technical cooperation services for public, private and third sector organisations in emerging economies.

Transtec has a long-term partnership since 2003 with the European Training Foundation (ETF). ETF is a decentralised agency of the European Union based in Turin, Italy. Its mission is to help transition and developing countries to harness the potential of their human capital through the reform of education, training and labour market systems in the context of the EU external relations policy.

We are convinced that human capital development in a lifelong learning perspective can make a fundamental contribution to increasing prosperity, creating sustainable growth and encouraging social inclusion in transition and developing countries.

**In February 2014 the ETF renewed framework contract with Transtec for the provision of expertise in the field of human resource development to support the implementation of ETF future initiatives and projects.**

**The main ETF thematic topics for which we are seeking expertise:**

- **Qualifications and qualification systems**
- **Quality in VET**
- **Learning and teaching in VET**
- **Governance in education and training**
- **Employment and employability**
- **Migration and skills**
- **Entrepreneurship and enterprise skills**
- **Innovation and VET**

The specific expertise inputs may be required in terms of:

- Data collection and analysis, report writing, desk research, editing of specialised reports;
- Policy analysis and targeted policy advice;
- Capacity building activities such as study visits, training and event facilitation;
- Programming and project design, monitoring and evaluation, impact assessment, dissemination of project results and good practice.

**Minimum 3 years of professional expertise in the relevant thematic topic is required.**

**Kindly note this announcement is a general call and is not a request for a specific mission / assignment.**

**We constantly expand our database of experts in ETF partner countries**

**If you are interested in this challenging opportunity please contact ETF Project Directors at Transtec by e-mail:**
